Although jouissance can be translated as \"enjoyment,\" translators of Lacan often leave it in French in order to render palpable its excessive, properly traumatic character: we are not dealing with simple pleasures, but with a violent intrusion that brings more pain than pleasure. This is how we usually perceive the Freudian superego, the cruel and sadistic ethical agency which bombards us with impossible demands and then gleefully observes our failure to meet them.**

~~How to Read Lacan | Slavoj Žižek~~

Since for Lacan psychoanalysis itself is a procedure of reading, each chapter uses a passage from Lacan as a tool to interpret another text from philosophy, art or popular ideology. Lacan is read with Hegel and Hitchcock, with Shakespeare and Dostoevsky.

Lacan imagines lamella as a version of what Freud called \"partial object\": a weird organ which is magically autonomized, surviving without a body whose organ it should have been, like a hand that wonders around alone in early Surrealist films, or like the smile in Alice in Wonderland that persists alone, even when the Cheshire cat's body is no longer present: \"All right\", said the Cat; and ...

~~How to Read Lacan (PDF)~~

Lacan introduces a precise distinction between these three terms: the \"ideal ego\" stands for the idealized self-image of the subject (the way I would like to be, I would like others to see me); the Ego-Ideal is the agency whose gaze I try to impress with my ego image, the big Other who watches over me and propels me to give my best, the ideal I try to follow and actualize; and the superego is this same agency in its revengeful, sadistic, punishing, aspect.

Lacan always indicated that the a contained the minus phi of castration. To quote Miller: 'Freudian practice anticipated the rise of the object small a to the social zenith and this practice contributed to its installation. Besides, this object small a is not a star, it is a Sputnik - an artificial product. Lacanian practice has to deal with the consequences of this sensational success.

~~How to Read Lacan | Slavoj Žižek~~

Žižek's HOW TO READ LACAN is an insightful introduction to realities that escape our conscious awareness, resting deep beneath geologic layers of symbolic pretensions. With a double doctorate in both philosophy and psyoanalysis, Žižek is especially qualified to introduce us to Lacan's work, arguably the most renowned psychoanalyst since Sigmund Freud.

~~How to Read Lacan (How to Read) - Žižek, Slavoj, Critchley~~ ...

Instead of explaining Lacan through his historical and theoretical context, How to Read Lacan will use Lacan himself to explain our social and libidinal predicament. Instead of providing an impartial judgment, it will engage in a partisan reading - it is part of the Lacanian theory that every truth is partial.

'The only thing of which one can be guilty is of having given ground relative to one's desire' Jacques Lacan. Is psychoanalysis dead or are we to read frequent attacks on its theoretical 'mistakes' and clinical 'frauds' as a proof of its vitality? Slavoj Žižek's passionate defence of Lacan reasserts the ethical urgency of psychoanalysis. Traditionally, psychoanalysis was expected to allow the patient to overcome the obstacles which prevented access to 'normal' sexual enjoyment. Today, however, we are bombarded from all sides by different versions of the injunction 'Enjoy!' Lacan reminds us that psychoanalysis is the only discourse in which you are allowed not to enjoy. Since for Lacan psychoanalysis itself is a procedure of reading, each chapter uses a passage from Lacan as a tool to interpret another text from philosophy, art or popular ideology, applying his ideas to Hegel and Hitchcock, Shakespeare and Dostoevsky.

"The only thing of which one can be guilty of is having given ground relative to one's desire."—Jacques Lacan

Is psychoanalysis dead or are we to read frequent attacks on its theoretical 'mistakes' and clinical 'frauds' as a proof of its vitality?

The influence of the French psychoanalyst Jacques Lacan has extended into nearly every field of the humanities and social sciences—from literature and film studies to anthropology and social work. yet Lacan's major text, *Écrits*, continues to perplex and even baffle its readers. In *Reading Lacan*, Jane Gallop offers a novel approach to Lacan's work based on his own theories of language. Lacan locates truth in the letter rather than in the spirit—in the ways statements are expressed rather than in their intended meaning. Gallop here grapples with six of Lacan's essays from *Écrits*: "The Seminar on 'The Furlained Letter,'" "The Mirror Stage," "The Freudian Thing," "The Agency of the Letter in the Unconscious," "The Signification of the Phallus," and "The Subversion of the Subject." While other commentators have chosen not to confront Lacan's notoriously problematic style in their discussions of his ideas, Gallop addresses herself directly to the problem and the practice of reading Lacan. She takes her direction from Lacan's "view of subjectivity and offers a deeply personal, feminist reading of *Écrits*. Concentrating on the relation of desire and interpretation, she opens up the rich implications of Lacan's thought, for psychoanalytic theory, for the act of reading, and for knowledge itself. Forceful and revealing, yet utterly candid about its own areas of uncertainty, Gallop's book will be indispensable to readers of Lacan and to scholars and students who have felt his impact.

About this Book... "A major and long overdue addition to the America/English psychoanalytic literature. . . . All major concepts—among them the mirror stage, the Name-of-the-Father, metaphor and metonymy, the phallus, the foreclosure of the subject—are developed in depth." —Nicholas Kourtsas, Harvard Medical School

Jacques Lacan is the foremost psychoanalytic theorist after Freud. Revolutionising the study of social relations, his work has been a major influence on political theory, philosophy, literature and the arts, but his thought has so far been studied without a serious investigation of its foundations. Just what are the influences on his thinking, so crucial to its proper understanding? In *Lacan: The Silent Partners* Slavoj Žižek, the maverick theorist and pre-eminent Lacan scholar, has marshalled some of the greatest thinkers of our age in support of a dazzling re-evaluation of Lacan's work. Focussing on Lacan's 'silent partners', those who are the hidden inspiration to Lacanian theory, they discuss his work in relation to the Pre-Socratics, Diderot, Hegel, Nietzsche, Schelling, Hölderlin, Wagner, Turgenev, Kafka, Henry James and Artaud. This major collection, including three essays by Žižek, marks a new era in the study of this unsettling thinker, breathing new life into his classic work. Contributors: Alain Badiou, Bruno Bosteels, Miran Bozovic, Lorenzo Chiesa, Joan Copjec, Mladen Dolar, Timothy Huson, Fredric Jameson, Adrian Johnston, Sigi Jüttkandt, Silvia Ons, Robert Pfaller, Alenka Župancic and Slavoj Žižek.

Slavoj Žižek provides a virtuosoo reading of the psychoanalytic theory of Jacques Lacan through the works of contemporary popular culture, from horror fiction and detective thrillers to popular romances and Hitchcock films.

The *Écrits* was Jacques Lacan's single most important text, a landmark in psychoanalysis which epitomized his aim of returning to Freud via structural linguistics, philosophy and literature. Reading Lacan's *Écrits* is the first extensive set of commentaries on the complete edition of Lacan's *Écrits* to be published in English. An invaluable document in the history of psychoanalysis, and one of the most challenging intellectual works of the twentieth century, Lacan's *Écrits* still today begs the interpretative engagement of clinicians, scholars, philosophers and cultural theorists. The three volumes of *Reading Lacan's Écrits* offer just this: a series of systematic paragraph-by-paragraph commentaries – by some of the world's most renowned Lacanian analysts and scholars – on the complete edition of the *Écrits*, inclusive of lesser-known articles such as 'Kant with Sade', 'The Youth of Gide', 'Science and Truth', 'Presentation on Transference' and 'Beyond the 'Reality Principle'. The originality and importance of Lacan's *Écrits* to psychoanalysis and intellectual history is matched only by the text's notorious inaccessibility. Reading Lacan's *Écrits* is an indispensable companion piece and reference-text for clinicians and scholars exploring Lacan's magnum opus. Not only does it contextualize, explain and interrogate lacan's arguments, it provides multiple interpretative routes through this most labyrinthine of texts. Reading Lacan's *Écrits* provides an incisive and accessible companion for psychoanalysts and psychoanalytic psychotherapists in training and in practice, as well as philosophers, cultural theorists and literary, social science and humanities researchers who wish to draw upon Lacan's pivotal work.

In Parts II, III, and IV, Colette Soler, Eric Laurent, and others explain in the clearest of fashions the highly influential conceptualization Lacan introduces with the terms "symbolic," "imaginary," and "real." Part V provides the first sustained account in English to date of Lacan's reformulation of psychoanalytic diagnostic categories – neurosis, perversion, psychosis, and their subcategories – their theoretical foundations, and clinical applications (ample case material is provided here.).

Lacan without the jargon! Jacques Lacan was one of the most important psychoanalysts ever to have lived. Building upon the work of Sigmund Freud, he sought to refine Freudian insights with the use of linguistics, arguing that the structure of unconscious is like a language. Controversial throughout his lifetime both for adopting mathematical concepts in his psychoanalytic framework and for advocating therapy sessions of varying length, he is widely misunderstood and often unfairly dismissed as impenetrable. In this clear, wide-ranging primer, Lionel Bailly demonstrates how Lacan's ideas are still vitally relevant to contemporary issues of mental health treatment. Defending Lacan from his numerous detractors, past and present, Bailly guides the reader through Lacan's canon, from l'objet petit a to The Mirror Stage and beyond. Including coverage of developments in Lacanian psychoanalysis since his death, this is the perfect introduction to the great modern theorist.
