"My Inventions" is a semi-autobiographical series of articles that were published in an electronics hobby magazine in 1919, wherein Tesla relates

# Access Free My Inventions And Other Writings

bewildering personal anecdotes about the strange things he experienced as a child he believes were formative for many of his inspirations, alongside more commonplace life events and explanations of how his inventions came to fruition. The other writings are three short essays: In the first, he precipitates the advent of widespread

Nikola Tesla ...

It'd be a 5 stars if the diagrams mentioned  
in Tesla's other writings were included. I

# Access Free My Inventions And Other Writings

found myself zoning out a bit with the chem and physics talk. I love the math behind it, but the science confuses me, and the diagrams would have been very beneficial. Tesla had great visions of inventions and peace. He had OCD and a photographic memory.
