Chemistry (3rd edition)

written by Janice Gorzynski
Smith in pdf. published by
McGraw-Hill in 2008.

According to the author; My
goal in writing Organic
Chemistry was to create a
text that showed students
the beauty and logic of
organic chemistry by giving
them a book that they would
use. This text is based on
lecture notes and handouts
that were developed in my
own organic chemistry
courses over my 30-year
teaching career.

breathe new life into the organic chemistry world. This new 3/e edition presents information in the form of bulleted lists and tables, with minimal use of text paragraphs. Janice Smith saw a great need for stepped-out worked examples; incorporated biological, medicinal, and environmental applications; and has built an art program that has yet to be seen in organic chemistry!
