The Last Report on the Miracles at Little No Horse, first published in 2001, is a novel by author Louise Erdrich. The novel tells the story of Agnes DeWitt as Father Damien, the reverend who becomes part of the reservation community. Erdrich's narration alternates between Agnes' early 20th-century memories and a series of interviews set in 1996 wherein another priest questions Damien about the possible canonization of Pauline Puyat.

Leading scholars critically explore three leading novels by Louise Erdrich, one of the most important and popular Native American writers working today. Louise Erdrich has shaped the possibilities for Native American, women's and popular fiction in the United States during the late twentieth century. Louise Erdrich collects new essays by noted scholars of Native American Literature on three important novels that chart the trajectory of Erdrich's novelistic career, "Tracks (1988)," "The Last Report on the Miracles At Little No Horse (2001)" and "The Plague of Doves (2007)". This book illuminates Erdrich's multiperspectival representation of Native American culture and history. Focusing on such topics as humor, religion, ethnicity, gender, race, sexuality, trauma, history, and narrative form, the essays collected here offer fresh readings of Erdrich's explorations of Native American identities through her innovative fictions. This series offers up-to-date guides to the recent work of major contemporary North American authors. Written by leading scholars in the field, each book presents a range of original interpretations of three key texts published since 1990, showing how the same novel may be interpreted in a number of different ways. These informative, accessible volumes will appeal to advanced undergraduate and postgraduate students, facilitating discussion and supporting close analysis of the most important contemporary American and Canadian fiction.

The first of Louise Erdrich's polysymphonic novels set in North Dakota – a fictional landscape that, in Erdrich's hands, has become iconic – *Love Medicine* is the story of three generations of Ojibwe families. Set against the tumultuous politics of the reservation, the lives of the Kashpaws and the Lamartines are a testament to the endurance of a people and the sorrows of history.

Bridget Thorsdottir is a seventeen-year-old girl living during the waning days of the Norse colony in Greenland in the year 1501. At the brink of an age of discovery, her colony has been taken over by a new bishop who turned the people's farms into a more lucrative fishing village. The lone voice of opposition in this sea of change is Bridget's own father, Thor, whose stubborn adherence to his farm makes it harder and harder for him to pay the rising taxes owed to the bishop. When Thor refuses to give up his ways and leave the family home, Bridget realizes that it is up to her to make the dangerous journey to the New World in order to establish a new life for herself and her family.
